INTERESTING FACTS

Founded in 2016, we have successfully accompanied international students from over 170 countries on their way to Germany.

We are the first digital blocked account provider.

Our students have a visa approval rate of over 95%.

They are enjoying the country at over 400 different German universities.

With ❤️ from Frankfurt

SECURITY STANDARDS

All important documents are **accessible via the Fintiba App** with no personal data being transferred through emails or other communication means.

Our partner Sutor Bank, founded in 1921, is a long-established and trusted German bank awarded for its outstanding asset management.

A German blocked account with a **German IBAN** is preferred by authorities across the whole of Germany.

The blocked account is opened **in the name of the student** and no one else has access to the deposited funds.

The account is securely **insured with the amount of € 100.000** by the German deposit protection fund.

Account operations are secured with the **mTAN verification process**.
